

MZWAMADODA S. LOUW

FULL STACK WEB DEVELOPER

PROFILE

I'm open and willing to work in an environment which encourages me to succeed and grow professionally where I can utilize my skills and knowledge appropriately, and I do well in changing situations that make me think creatively and adjust quickly. I like to work hard and pay attention to details to produce good work. I also enjoy working with different groups of people.

PROJECTS

PORTFOLIO

Link : <https://vue-portfolio-louw.web.app/>

Github Link(Portfolio)

<https://github.com/Mzwa1080/vue-portfolio>

- I designed my portfolio with Fligma. I then coded it using these technologies NodeJS, VueJs, Vuex and Vue-Router, CLi to start my serve and DevTools for debugging and responsiveness.

Haa-Zwaa Coffe Shop

Link : <https://haa-zwaa.web.app/>

Github Link:

https://github.com/Mzwa1080/coffee_shop_eomp

- This project was a collaborative effort between myself and Haanim. While I focused on the front-end development, my colleague handled the backend.
- Technologies used : Frontend : HTML, CSS , JavaScript , VueJs, VueRouter, and Vuex. Backend : MVC, NodeJS, MySQL, API, Render and Clever-cloud.
- The coffee shop web application was hosted on Firebase.

OSD - CAPSTONE

Link : <https://capstone-osd.web.app/>

Github Link:

<https://github.com/Mzwa1080/OSD-CAPSTONE>

- This project was a collaborative effort between myself and Haanim. While I focused on the front-end development, my colleague handled the backend.
- Technologies used : Frontend : HTML, CSS , JavaScript , VueJs, VueRouter, and Vuex. Backend : NodeJS, MySQL.
- The coffee shop web application was hosted on Firebase.

E - Commerce

Link : <https://louw-ecommerce-site.netlify.app/>

Github Link:

<https://github.com/Mzwa1080/ecommerce>

- This was my first fully functional frontend ecommerce project.
- I designed my portfolio with Fligma. I then coded it using these technologies HTML5 , CSS , Bootstrap and JavaScript(DOM)
